# TAKE THE NEXT STEP IN YOUR JOURNEY

The decision you take in life does not only determine your present position but has greater repercussion on the future and above all your destiny. Be careful of divine instructions and the solemn warning of the consequences; God told Adam to eat the fruits of all the trees in the garden except of the tree of knowledge of good and evil: **Gen 2:16-17**.

However, another option was offered by Satan which made Adam to be faced with a need to decide; whether to take God's word at face value and submit to His authority or opt for self assertive, independent action. Of course, the latter was chosen and the consequence is death. Wrong decision in life does not only mar a glorious destiny, but ends up to truncate it. Every decision taken in life has generational chain effect connecting one individual to another and that accounts for the curses man inherited from Adam.

The events unfolding by the day in our world are indicators to the rebellious acts of humanity and sheer hostility to the Word of God, most especially among the youth. God's standards are being perverted in order to suit man's greedy and unholy desire and the world standard cleverly accepted by many. There can never be any better time to decide and take a stand for God than now. Your decision to be on the Lord's side may cost you something especially if you are a teenager, e. g, your choice of friends, music you listen to, the way you dress, the way you talk, party to attend, etc. but at the end ,it is worth the pain.

This is the best time for teenagers to decide for God in order to better their future and destiny. Just like Joshua said that "**As for me and my house, we will serve the Lord**"(**Joshua 24:15**), you must decide for God today.
